4 MINIMUM ORDER AND QUANTITIES

Our minimum (invoiceable) order, for delivery to one address is £25 exclusive of VAT. Deliveries of bespoke or processed orders are subject to tolerances of up to plus or minus 10%.

5 LIMIT OF COMPENSATION

Our limit for compensation shall not exceed the value of processes we have been asked to carry out, notwithstanding the value of goods supplied to us. Where goods only have been supplied by us, justified cause for complaint (is) to be met by replacement or credit at the invoice value (at this company's discretion) regardless of any work or process undertaken after the goods left our premises. In no circumstances shall we be liable for any consequential loss.

6 VALUE ADDED TAX

The full amount of VAT shall be paid at the same time as payment is made for the related goods.

7 BESPOKE/PROCESSED ORDERS

As exact quantities of bespoke or processed orders cannot be guaranteed, deliveries are subject to tolerances of up to plus or minus 10%.

8 COMPLAINTS

Complaints regarding bespoke goods supplied must be made in writing within 7 days of delivery or they will not be considered.

9 COST OF VARIATIONS

b If by reason of any war, hostilities or warlike operations the cost to us of fulfilling the contract or any part thereof would exceed the cost calculated by us at the date of the contract, we shall give the Buyers notice thereof and they shall have the option (to be exercised in writing within 7 days of receipt of the notice) of paying such excess in addition to the price payable under the contract or of cancelling the contract or any unfulfilled part thereof without prejudice to the accrued rights of either party.

10 RISK AND BENEFICIAL OWNERSHIP

a The risk in the goods passes to the buyer upon delivery but equitable and beneficial ownership shall remain with us until full payment has been received (each order being considered as a whole), or until prior re-sale, in which case our beneficial entitlement shall attach to the proceeds of resale or to the claim for such proceeds.

b Should the goods become constituents of or be converted into other products while subject to our equitable and beneficial ownership we shall have the equitable and beneficial ownership in such other products as if they were solely and simply the goods and accordingly sub-clause (a) shall as far as appropriate apply to such other products.
